ViVARI® The Best for the Bath

only by PFEIFFER®

Wash basins VR_VO_VB Serie

The natural form-language of the ViVARI® wash basins creates an extremely cosy and friendly ambience. Due to the wide range of products, round, oval up to design shapes, you will be able to fulfill your demands in a variety of ways.

Wash basins VD Design

New design with a strong geometric and purist design makes it possible to define a basin size and shape even more precisely. SHAPE (VDS), AVANTGARDE (VDA), CUBE (VDC), HEALTH (VDH) TOP and OPEN enables individual bathroom architecture.

ViVARI® wash basins are made with solid surface material Corian®. They are solid, non-porous, easy to use and maintain.

ViVARI® wash basins are integral part of our vanities. Joints can be glued Inconspicuously, making virtually unlimeted surfaces possible. ViVARI® surfaces are hygienic, bacteria and mould have nowhere to hide.

ViVARI® is a registered trademark. Only Pfeiffer & Söhne GmbH makes ViVARI®.

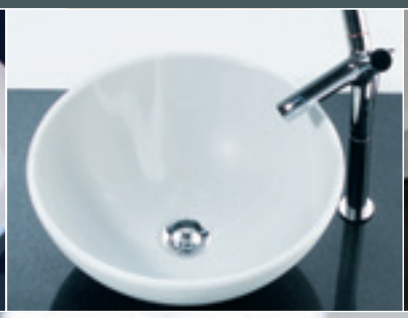
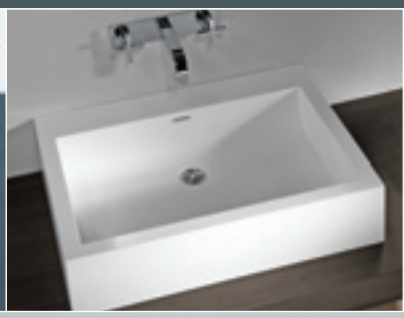
ViVARI® – The Best for the Bath





ViVARI®

Sit-on basins VD TOP

ViVARI® TOP, sit-on basins that consciously emphasise the basin shape. These basins are available in round and square versions with different heights. The basins precise geometrical shape guarantees that they are perfectly proportioned. The wide range makes it possible to create truly individual and contemporary washplace designs.

Semi recessed basins VD Open

ViVARI® Open, the basin for washplaces with limited apace. The basins precise guiding enables it to be fitted perfectly into all surface materials. When placing the order, please indicate the thickness of the countertop.

Vanity VD WT

ViVARI® WT, these compact vanities with additional space up to exact quarters makes these products perfect for direct installation. These series allows the maximum amount of creativity and flexibility while converting your personal ideas.

Available in all Corian® colors.
